Grinder Original

Description

This is an elegant, quiet grinder that grinds the beans directly down into a filter holder or measuring cup. The grinder has a clear display on the front, where you can easily select the number of cups to be ground. There is an adjuster on the front, making it easy to choose the grinding level. The styling of the grinder harmonizes perfectly with our Original Line and Thermokinetic Line, which makes it easy to fit into both existing and new environments.

Features

- 2.5kg bean hopper
- Fresh Coffee
- Adjust grind coarsness on front
- Dosage in number of cups
